

The feudal system - how it worked.

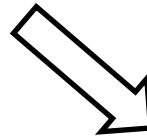

William the Conqueror

King William (allocated land to nobles who had given support).

Nobles (<300)
Earls, Counts, Barons
Given control over land and in
return provide soldiers for the king.

Knights (several thousand)
Given control over manors and
provided soldiers for their lord.

Peasants (workers)
(<2 Million)
Rented land from knight and
worked for him in return.
