Ratios - Introduction

Give ratios for the following.

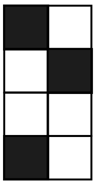
1

Shaded : Total = ☐ : ☐

Shaded : Unshaded = ☐ : ☐

Total : Unshaded = ☐ : ☐

2

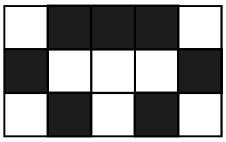


Shaded : Total = ☐ : ☐

Shaded : Unshaded = ☐ : ☐

Total : Unshaded = ☐ : ☐

3

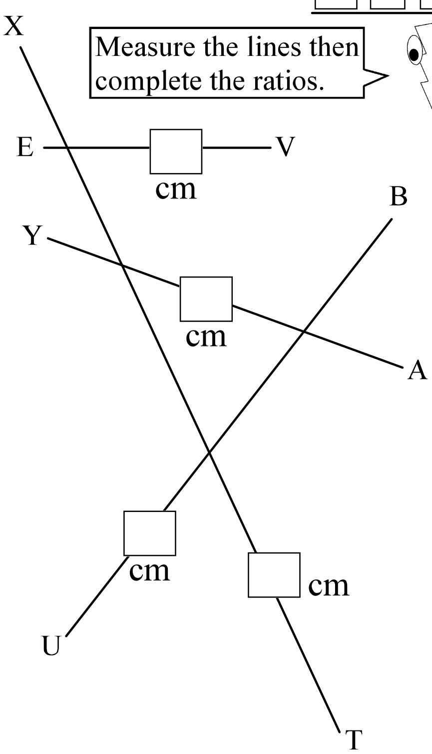


Shaded : Unshaded = ☐ : ☐

Total : Unshaded = ☐ : ☐

Total : Shaded : Unshaded = ☐ : ☐ : ☐

Measure the lines then complete the ratios.



4 TX : UB = ☐ : ☐ No Units required

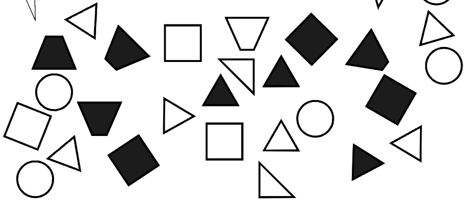
5 AY : EV = ☐ : ☐

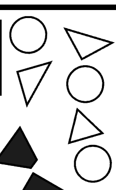
6 BU : VE = ☐ : ☐

7 YA : BU = ☐ : ☐

8 XT : EV = ☐ : ☐

Look at the shapes and complete the ratios.





9 Squares : Triangles = ☐ : ☐

10 Circles : Trapeziums = ☐ : ☐

11 Right Triangles : Equilateral Triangles = ☐ : ☐

12 Black Squares : White Triangles = ☐ : ☐

13 Black Shapes : White Shapes = ☐ : ☐

14 Shapes : Shapes With a Right Angle = ☐ : ☐

15 Black Triangles : White Squares = ☐ : ☐

A class is comprised of 13 boys and 16 girls. Find these ratios.

16 Girls : Boys = ☐ : ☐

17 Girls : Students = ☐ : ☐

18 Students : Boys = ☐ : ☐

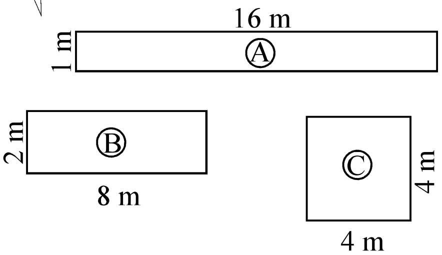
19 Teacher : Students = ☐ : ☐

A school has a teacher : student ratio average of 1 : 24. Answer these questions.

20 Are there more students or more teachers?

21 If another school has a ratio of 1 : 22, are there more teachers at that school?

The rectangles and squares have the same area. Find the ratios.



22 Area of A : Perimeter of A = ☐ : ☐

23 Area of B : Perimeter of B = ☐ : ☐

24 Area of C : Perimeter of C = ☐ : ☐

25 Perimeter of C : Perimeter of A = ☐ : ☐

26 Perimeter of B : Perimeter of A = ☐ : ☐

Ratios can also be expressed as fractions. Express as fractions.

Kwa's pencil case has 5 blue pens, 2 red pens, 4 black pens and a green pen. Complete these ratios:

27 Blue : Black $= \frac{☐}{☐}$

28 Blue : Red $= \frac{☐}{☐}$

29 Green : Red $= \frac{☐}{☐}$

30 Blue : All $= \frac{☐}{☐}$

31 Green & Red : All $= \frac{☐}{☐}$

32 Blue : Green & Blue $= \frac{☐}{☐}$

33 Not Blue : Not Green $= \frac{☐}{☐}$

Ratios - Introduction

Give ratios for the following.

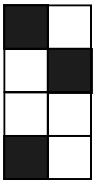
1 

Shaded : Total = 2 : 3

Shaded : Unshaded = 2 : 1

Total : Unshaded = 3 : 1

2



Shaded : Total = 3 : 8

Shaded : Unshaded = 3 : 5

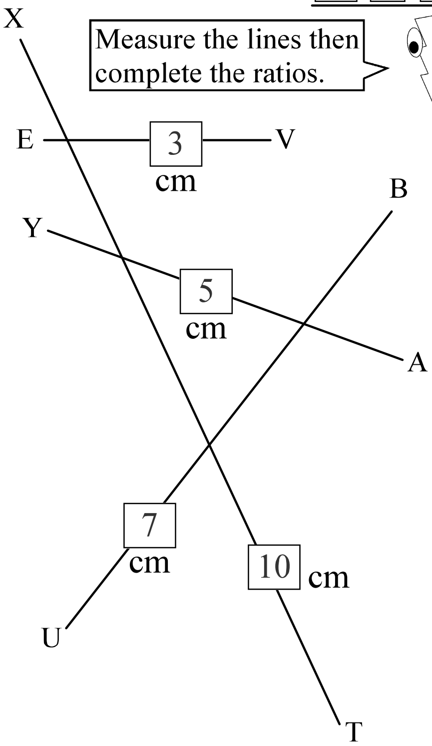
Total : Unshaded = 8 : 5

3 
Shaded : Unshaded = 7 : 8

Total : Unshaded = 15 : 8

Total : Shaded : Unshaded = 15 : 7 : 8

Measure the lines then complete the ratios.



No Units required

4 TX : UB = 10 : 7

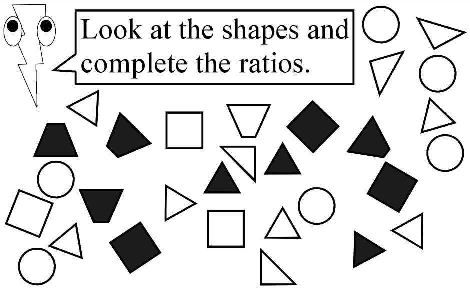
5 AY : EV = 5 : 3

6 BU : VE = 7 : 3

7 YA : BU = 5 : 7

8 XT : EV = 10 : 3

Look at the shapes and complete the ratios.



9 Squares : Triangles = 6 : 13

10 Circles : Trapeziums = 6 : 5

11 Right Triangles : Equilateral Triangles = 4 : 9

12 Black Squares : White Triangles = 3 : 10

13 Black Shapes : White Shapes = 10 : 20

14 Shapes : Shapes With a Right Angle = 30 : 10

15 Black Triangles : White Squares = 3 : 3

A class is comprised of 13 boys and 16 girls. Find these ratios.

16 Girls : Boys = 16 : 13

17 Girls : Students = 16 : 29

18 Students : Boys = 29 : 13

19 Teacher : Students = 1 : 29

A school has a teacher : student ratio average of 1 : 24. Answer these questions.

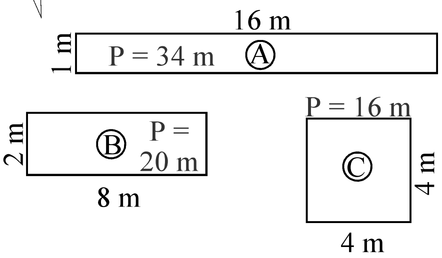
20 Are there more students or more teachers?

There are more students.

21 If another school has a ratio of 1 : 22, are there more teachers at that school?

Can't tell, ratios don't indicate.

The rectangles and squares have the same area. Find the ratios.



22 Area of A : Perimeter of A = 16 : 34

23 Area of B : Perimeter of B = 16 : 20

24 Area of C : Perimeter of C = 16 : 16

25 Perimeter of C : Perimeter of A = 16 : 20

26 Perimeter of B : Perimeter of A = 20 : 32

Ratios can also be expressed as fractions. Express as fractions.

Kwa's pencil case has 5 blue pens, 2 red pens, 4 black pens and a green pen. Complete these ratios:

27 Blue : Black $= \frac{5}{4}$

28 Blue : Red $= \frac{5}{2}$

29 Green : Red $= \frac{1}{2}$

30 Blue : All $= \frac{5}{12}$

31 Green & Red : All $= \frac{3}{12}$

32 Blue : Green & Blue $= \frac{5}{6}$

33 Not Blue : Not Green $= \frac{7}{11}$
