Fun & Reflective Activities

Each activity was designed to be delivered in the classroom with little to no previous preparation, students should be able to complete them independently.

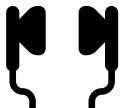

- The **Choice Board** gives students the chance to pick their own activities, a smorgasbord of fun! Split into categories such as draw, write, discuss, listen and research, each student should have a great time exploring their ideas of Australia!
- The **Australian Identity** graphic organiser is perfect for a guided or individual session on Australian culture and identity.
- The **Australian Flag** design task brings out the creative side of students and it's a chance for them to reflect on their own heritage, as many current Australians are first, second or third generation immigrants from other countries. How can their culture be reflected in a personal Australian Flag?
- The **Writing Prompt** is an aesthetically pleasing quick-write activity to display in your classroom or in student journals as a personal reflection of Australian pride. What is the best thing about being Australian?
