

ACCOUNTING AND FINANCE

STAGE 2 DRAFT SAMPLE EXAMINATION

Section 7 of the *New WACE Manual: General Information 2008 Revised Edition* outlines the policy on WACE examinations.

Further information about the WACE Examinations policy can be accessed from the Curriculum Council website <http://curriculum.wa.edu.au>

The purpose for providing a sample examination is to provide teachers with an example of how the course will be examined. Further fine tuning will be made to this sample in 2008 by the examination panel following consultation with teachers, measurement specialists and advice from the Reference Group.

SECTION TWO: APPLICATION AND RESPONSE

This section has **TEN (10)** questions. Attempt **ALL** questions.

Suggested working time: 155 minutes [180 marks]

Question 1 [4 marks]

Peter Smith owns a Pet Shop called Pete's Pets. He has built a very successful business over a five year period. Peter diligently completes his financial statements every two months. The balance sheets of Pete's Pets indicate that all non-current assets have correctly been recorded at their purchase price. Peter conducts many business transactions with businesses in Singapore to purchase cheaper pet food. He always remembers to record these transactions in Australian currency in his records. At the end of a busy week, Peter usually takes money from the week's income to pay for some of his home bills, which he has not had time to attend to. Peter records this by debiting his Drawings account and crediting the business Cash at Bank account.

Required

Identify TWO (2) accounting assumptions which have been applied in the description of Pete's Pets. Use examples from the information above to describe how each of these two assumptions have been applied by Pete's Pets.

Question 10 [5 marks]

A small newsagency is having difficulty selling a particular brand of cigarettes to its customers. The brand pays high commission percentages to the newsagent for the sale of cigarettes, called “Dynamic”. The newsagent has decided to lower the price of the Dynamic brand to just below that of the other popular brands of cigarettes – the commission paid will still exceed the price reduction. The decision was made based on the fact that many in the age group of 18-21 years will be able to afford the Dynamic brand and, as it will be slightly less expensive than their usual brands, they may be enticed to purchase the Dynamic cigarettes.

Discuss the social and ethical implications of the actions of this newsagency.
