

Student Name: _____ Teacher: _____

Task: You must create a Wanted Poster for a rock who has broken the law and is on the run! (Figuratively speaking). There are three main rock gangs: igneous, metamorphic and sedimentary. Your poster must describe the rock who is a member of one of these gangs.

Achievement Standard (Science)	0	1	2	3	4
Explain global features and events in terms of geological processes and timescales.					
I have included a picture of the rock, have given it a name, and given a reward.					
I have said what specific kind of rock it is (e.g. granite, sandstone, shale) and which of the three main rock types it belongs to (igneous, sedimentary or metamorphic).					
I have included a short list of identifying features for my rock (e.g. crystal size, surface features, colour, texture, visible grains, layers, gas bubbles, fossils).					
I have written a paragraph about how my rock type is formed.					
I have named some specific locations where it might be found.					
Use appropriate language and representations when communicating their findings and ideas to specific audiences.					
I have used appropriate scientific terminology and language to present my wanted poster.
