

12 PHYSICS ASSESSMENT OUTLINE 2018

Assessment type	Assessment type weighting	Assessment task weighting	When	Assessment task
Science inquiry	20%	5%	Spring Term Week 5	Investigation - circular motion.
		5%	Summer Term Week 1	Investigation - moments and equilibrium.
		5%	Summer Term Week 5	Experiment – measuring the magnetic field strength of the Earth, force on a wire.
		5%	Autumn Term Week 8	Evaluation and analysis – quantum theory and relativity.
Test	30%	4%	Spring Term Week 6	Projectiles and circular motion.
		4%	Summer Term Week 1	Gravity and torque.
		3%	Summer Term Week 7	Electromagnetism.
		4%	Autumn Term Week 2	Electromagnetic induction.
		5%	Autumn Term Week 9	Wave particle duality and quantum theory.
		5%	Winter Term Week 3	Special relativity.
		5%	Winter Term Week 8	Standard Model
Examination	50%	22%	Autumn Term Week 4-5	Semester 1 Examination.
		28%	Winter Term Week 10	Semester 2 Examination.
Total	100%	100%
