UNIT 1: Naming the hypotenuse of a right-angled triangle

QUESTION 1 Name the hypotenuse of each right-angled triangle.

QUESTION 2 Name the hypotenuse of each named triangle.

QUESTION 3 Complete the following statements.

- _____ is the length of the hypotenuse.
- _____ is the length of the side opposite $\angle A$
- _____ is the length of the side opposite $\angle B$
- _____ is the length of the side opposite $\angle C$
- _____ is the area of the square on the side opposite $\angle A$
- _____ is the area of the square on the side opposite $\angle B$
- _____ is the area of the square on the side opposite $\angle C$
- _____ is the name given to the longest side of $\triangle ABC$
