Dear Mr Max, I have just moved into a house ~~to~~ and I already start cooking in the house. While I was doing something my kitchen was full with ~~some~~ smoke, and then I remember that I should check the smoke alarms before I ~~use~~ cook.

I am so worried that my house will get burn and nothing left. My smoke alarms need to be fix and secure enough to ~~use~~ ^{use}. This is a seriously and important thing in the house! If something went wrong with smoke alarms, ~~I can't do anything. I can't~~ I can't cook anything and right now I'm so hungry. ~~My main problem is to~~ ~~fix my smoke~~ ~~alarms.~~

It's very important to have working smoke ~~alarms~~ because, without them the house might not just fill with smoke but might fill with something else danger, ~~because~~ ^{and} if ~~smoke~~ ^{the} house is full with smoke and you ~~try~~ ^{trying} to ~~close~~ ^{turn} off the ~~fire~~ ^{gas} but you couldn't see ~~and~~ ^{so}, that's how ~~the house~~ ~~will~~ ^{is} why it's very important to ~~have~~ ^{always} check ~~smoke~~ smoke alarms before use and, good to

have worked as a smoke alarm.

~~I am not telling~~

I'm writing a letter to you because next time if someone
renting your house make sure, let them know everything
need to be fix and check before using it. ~~to be~~

Thank you.
