

DESIGN BRIEFS

Physical Education Studies

Stage 2 and Stage 3 practical exam

Physical Education Studies

WACE Examination Design Brief - Practical

Background

Stage 2

Purpose

The following information accompanies the information provided on initial logistics and serves to provide detail of venues, timing and specific tasks for students undertaking the practical exam.

Timing

It is proposed to undertake the practical examination for Physical Education Studies during the October school holiday vacation in 2008.

Venues

Approximately 24 metro and 4–5 regional centres will be identified to cater for the range of sports to be examined. Schools may provide many of the venues required. It is anticipated that very few commercial venues will be required.

Numbers

Based upon initial informal survey work it appears likely that over 2500 students will undertake the examination.

Sports

It is anticipated that examinations in approximately 20 sports will be conducted. The sports are yet to be identified and confirmed. Processes similar to those used to deal with small candidature subjects will be established.

Markers

As per agreed protocols for the conduct of practical examinations two markers will rate each candidate for each performance against specific criteria. Where teams of players are engaged in a game as part of an assessment the ratio of markers to players will be adjusted accordingly.

Students

Students will be notified of times and venues. Students will be required to arrive at the examination centre at least 30 minutes before their allocated time. They will be required to wear sporting attire which is non-school identifying and appropriate footwear. They will be required at examination centres for one session only e.g. 9.00am–10.00am.

Examination Format

Each student will be required to complete a skill assessment (5–10 mins) and then participate in a modified competitive game (10–20 minutes). They will be assessed by two markers in each activity against specific criteria.

Officials/Umpires

It is proposed that the Council approach state sporting organisations to undertake the officiating of activities where necessary.

Physical Education Studies
WACE Examination Design Brief—Practical Stage 2

Content: Sport context selected by student from Curriculum Council approved list

The practical exam score represents 30% of the total external assessment for Physical Education Studies.

Practical exam	Supporting information
Part A Skill performance - Closed environment • 5–10 minutes	Candidates are assessed on their ability to apply and adapt their skills repertoire in a closed environment. Activity settings will be adapted to optimise opportunities for all candidates to demonstrate their abilities. Each candidate will be assessed on their preparation, execution, recovery, result and overall efficiency in sport specific skills.
Part B Game performance - Modified competitive environment • 10–20 minutes	Candidates are assessed on their ability to select, apply and adapt skills and tactics in an open environment (effective performance). Activity settings will be adapted to maximise opportunities for all candidates to demonstrate their abilities. Each candidate will be assessed against the criteria identified for each activity.

Other considerations

The Physical Education Studies practical examination has two sections and will require 30 minutes of activity to complete.

Students will be notified of times and venues. Students will be required to arrive at the examination centre at least 30 minutes before their allocated time. They will be required to wear sporting attire which is non-school identifying and wear appropriate footwear. They will be required at examination centres for one session only e.g. 9.00am–10.00am.

The practical examination for Physical Education Studies will take place during the October school holiday vacation in 2008.

Examination length

The format of the external examination is a 30 minute practical examination. Time will be allowed for warm up prior to activity assessment.

Permissible materials

Students will only require personal items such as drinks and suitable clothing and footwear. No other materials will be permitted or required.
