WACE Examination Design Brief
Part 1

2A/2B

Exam paper sections	Supporting information
Section One: Critical Analysis Frameworks (Applying the 4 Frames) 60 minutes: • 40 marks • one question • the question may have sub parts • one stimulus image will be provided	The question will enable students to analyse the artwork and apply their knowledge and understanding of the 4 Frames. The artwork may be sourced from a variety of forms, period/times, and/or cultures. Students will be given the opportunity to demonstrate an ability to analyse the artworks with consideration for the formal concerns, commenting on meaning, purpose and/or value. Prompts including title of art work, artist, medium and site location may be provided to assist students.
Section Two: Image Analysis 30 minutes: • 20 marks • one question • students choose one stimulus image from up to six images provided	One artwork will be selected from a range of stimuli provided. Students will be asked to respond to one question in relation to the chosen stimulus. This question will involve discussion of meanings, messages and formal concerns related to the image selected. Prompts including title of art work, artist, medium and site location may be provided to assist students.
Section Three: Case Study Response 60 minutes: • 40 marks • one question • the question may have sub parts	This section will provide an opportunity for candidates to write an extended response referring to at least one case study they have undertaken. The question will provide candidates with the opportunity to demonstrate the knowledge and understandings developed as a part of their investigations and case studies undertaken in either Australian or international contexts. Students will discuss the themes, issues and concerns of at least one artist in an extended response format and may include how the case studies have influenced the student's artwork.

Body of Work: *Suited to outcomes 1 and 2*

Detailed specifications and parameters for the body of work are contained in Part II of the Design Brief.

VISUAL ARTS
WACE Examination Design Brief
Part I

3A/3B

Exam paper sections	Supporting information
Section One: Comparative Image Analysis 60 minutes • 40 marks • 1 question • 2 images provided	The question will enable students to demonstrate their critical analysis skills when comparing art works. Candidates will be asked to respond to two images provided using their knowledge of the Frames. Stimulus materials may vary in style and form from one year to the next but will always include a set pair of artworks to analyse. Candidates will be asked to demonstrate their understanding of the relationship between the art form and the contexts or issues communicated by the works. Prompts including title of art work, artist, medium and location of artwork may be provided to assist students.
Section Two: Image Analysis 30 minutes: • 20 marks • 1 question • student choose one stimulus image from up to six images provided	One unseen artwork will be selected from a range of stimuli provided from either an Australian or international context. Students will be asked to respond to one question in relation to the chosen stimulus. This question will involve discussion of meanings, messages, formal concerns, audience, values, attitudes and beliefs related to the image selected. Students will apply their knowledge and understanding of the Frames in their response. Prompts including title of art work, artist, medium and location of artwork may be provided to assist students.
Section Three: Case Studies Extended response 60 minutes • 40 marks • 1 question • question may have sub parts • the question addresses art interpretation content: ➤ visual analysis ➤ meaning and purpose ➤ personal response ➤ social, cultural and historical contexts	One question will provide opportunity for candidates to demonstrate knowledge and understandings developed as a part of their investigations and case studies undertaken in either Australian or international contexts. Students will discuss the themes, issues and concerns of at least one of the artists (Australian or international) studied in an extended response format and may include how the case studies have influenced the student's artwork.

Body of Work: *Suited to outcomes 1 and 2.* Detailed specifications and parameters for the body of work are contained in Part II of the Design Brief.
