Task	Task Description and Content	When	% Weight
1	Test 1 Consumer Arithmetic, linear and non-linear expressions.	Term 1, Week 7	8
2	Investigation 1 Consumer Arithmetic	Term 1, Week 6	10
3	Test 2 Matrices, shape, and measurement	Term 2, Week 5	10
4	Semester 1 Examination	Term 2, Week 7	15
5	Test 3 Univariate Data and Right-angled Triangles.	Term 3, Week 5	11
6	Investigation 2 Statistical Investigation	Term 3, Week 7	5
7	Test 4 Non Right-Angled Triangles, Linear Equations and graph	Term 4 Week 4	11
8	Semester 2 Examination	Term 4, Week 5	25
	Total/Cumulative Mark		100

Task Type	Syllabus Weightings
Response	40%
Investigation	20%
Examination	40%

Notes:

Please make sure all assessments are to be prepared and checked within 2 weeks prior to the test given to students. This is to include the marking key – which is also to be checked to avoid discrepancies.
