Additional information

The examination is presented in a combined question/answer booklet with a separate multiple-choice answer sheet.

Content: 40–60% from Unit 2A and 40–60% from Unit 2B.

Section	Supporting information
Section One Multiple-choice 10% of the written exam 20 questions Suggested working time: 30 minutes	Candidates indicate their answers on the separate multiple-choice answer sheet. Stimulus materials include scenario descriptions, pictures, diagrams, maps, weather maps, articles and excerpts.
Section Two Short answer 50% of the written exam 10 questions Suggested working time: 90 minutes	Both open and closed items will be used. Questions are scaffolded by having parts to the question allowing candidates to respond at increasing levels of difficulty. Questions may require candidates to respond in ways alternative to continuous prose, for example label diagrams, complete tables, construct flow charts, complete navigation activities using a topographical map and compass. Suitable stimulus material will be used in this section. This may include pictures, newspaper articles, diagrams, weather charts and scenarios etc.
Section Three Extended answer 40% of the written exam Two questions Suggested working time: 60 minutes	Extended answer questions require students to draw on their experiences as a participant while preparing for participation in or reflecting on an expedition.
