

Pre-Algebra
Histograms

Name_____

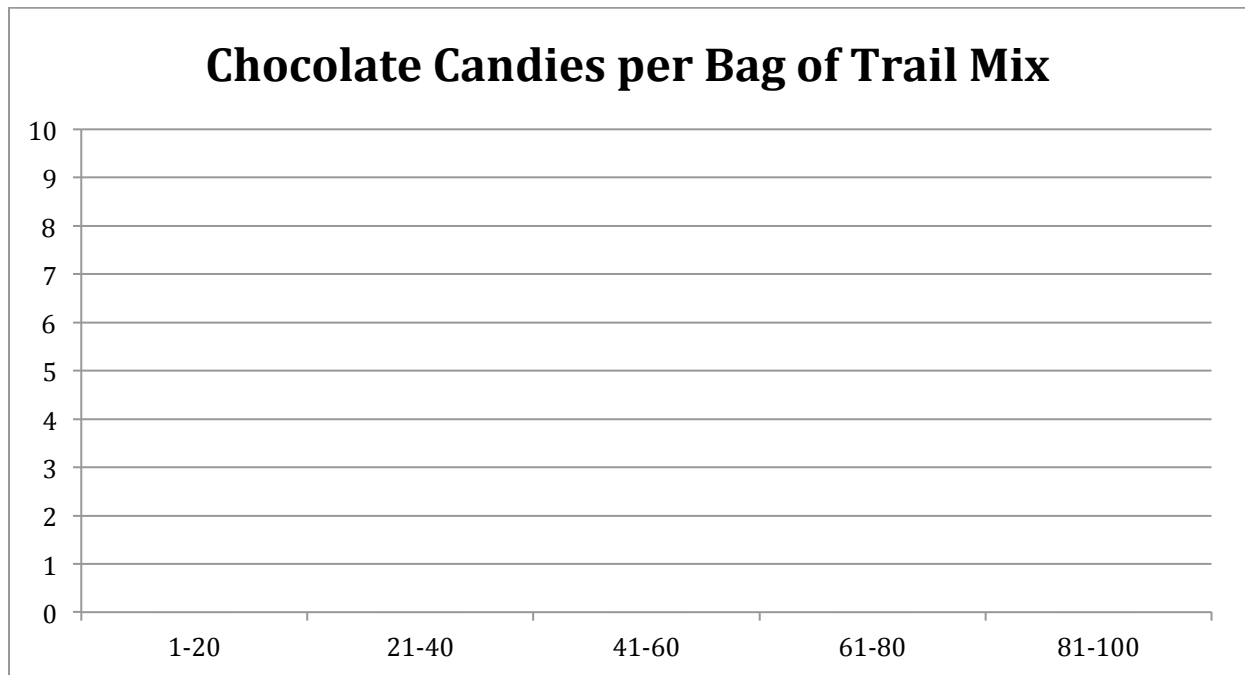

Create a histogram for each set of data. For the first two problems, the frame is set up for you. For #3, YOU will need to determine the best ways to number the axes. Don't forget to include a title as well!

1. Chocolate candies per bag of trail mix:

50 42 119 45 68 32 67 111 61 31 75
39 62 64 49 55 51 33 117 96 64 82

Frequency table:

Interval	# of values
1-20	
21-40	
41-60	
61-80	
81-100	

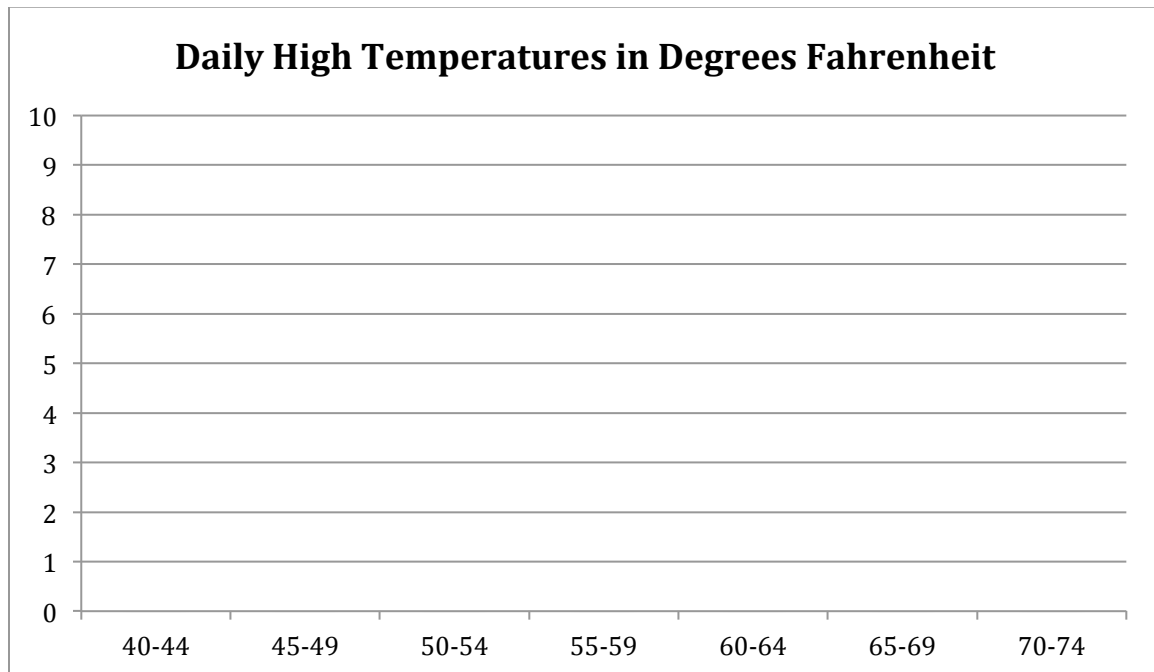

2. Daily high temperature in degrees Fahrenheit:

63 70 64 71 70 62 68 67 68 72 65
62 59 58 60 59 56 53 51 55 56 50
53 57 55 50 46 49 46 52 48

Frequency table:

Interval	# of values
40-44	
45-49	
50-54	
55-59	
60-64	
65-69	
70-74	

3. Test scores, out of 100 points

92	84	95	77	74	80	95	70	66
73	68	90	78	64	72	78	76	65
59	71	77	92	91	89	74	76	90

Frequency table:

Interval	# of values
