

Balancing Equations

Try the following websites to practise balancing equations. They are done by showing the atoms involved.

Challenge yourself!

Max time : 15 minutes

http://phet.colorado.edu/sims/html/balancing-chemical-equations/latest/balancing-chemical-equations_en.html

<http://education.jlab.org/elementbalancing/>

Now try to balance the following equations. Draw the atoms using colours or symbols - your choice.

Foundation - do Q 1 - 4.

Extension - do them all.
