12 Human Biology General

Task 12

Microscope Assignment Verification

1. Label these parts of a microscope.

(3 marks)

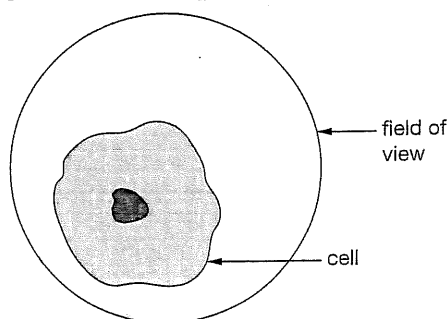

2. If an eyepiece is x10 magnification and the objective lens is a x10 magnification, what is the overall magnification of the microscope?

(1 mark)

3. When the eyepiece is x10 and the objective is at x4 magnification the field of view is 2 mm. What is the field of view in micrometres?

(1 mark)

Using this microscope magnification, how wide is the cell in this diagram?

X40

(1 mark)

4. To change to high power the student changes the objective lens to a x40 and keeps the eyepiece at x10.
What is the new magnification under high power?

(1 mark)

What is the new field of view under high power?

(1 mark)

In Class Teacher Observations

Student has demonstrated

- | | |
|------------------------------------|-----------------|
| 1. They can focus on low power. | _____ (1 mark) |
| 2. They can refocus on high power. | _____ (1 mark) |
| 3. Drawn/Labelled prepared slide. | _____ (3 marks) |
| 4. Made a wet mount slide. | _____ (2 marks) |
| 5. Stained cells on a slide. | _____ (2 marks) |
| 6. Drawn/labelled a stained slide. | _____ (3 marks) |
