

What goes hohoho-plop?

Calculate the circumference of the circles shown, accurate to 2 decimal places and using the π key on your calculator. Join the centre dot of each circle to your answer dot, to find the puzzle code.

1	2	3	4	2	5	6	2	7	1
6	2	7	8	9	10	3	8	9	10
9	11	2	12	13	14	14
