

○ Example 6

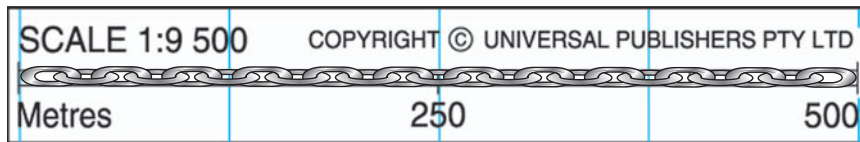

Approximately how long is The Corso from the traffic lights on Esplanade East to the lights on Steyne South?

Solution

Place a chain or some string along The Corso.

Then place the length onto the scale.

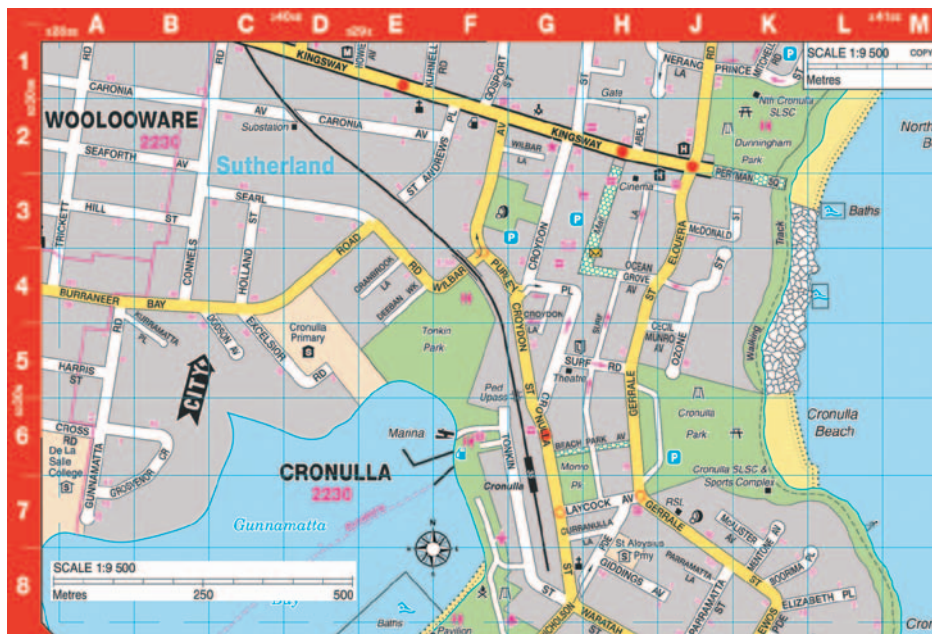

Each unit on the scale represents 50 metres. The chain stops 50 m short of 500 m. The length is 450 m.

The Manly Corso is approximately 450 m long.

EXERCISE 13.02 Street maps

Use the following street map to answer questions 1 to 8 in Exercise 13.02.

Credit: Map section reproduced with permission of UBD Gregory's. Copyright Universal Publishers Pty Ltd. DD05/14.

- 1 **Example 4**
 - a What is the name of the school at A6?
 - b What feature, indicated by a small black square, is located in G5?
 - c Which Surf Life Saving Club is in K1 or K2?
 - d Cronulla Police Station is at G2 on the corner of the Kingsway and Croydon St.
What symbol does the map publisher use to indicate a police station?
- 2 State the position coordinates of the following places.
 - a Cronulla Primary School
 - b Cronulla Beach
 - c Marina and wharf
- 3 **Example 5** What are the following compass directions, as the crow flies?
 - a From St Aloysius Primary School (H8) to the Mall (H3)
 - b From the Mall (H3) to St Aloysius Primary school
 - c From Cronulla Park (J6) to Monro Park (G7)
 - d From the electricity substation (D2) to Cronulla Beach (K6)
- 4 **Example 6** Use the scale under the bottom left of the map to approximate the following distances.
 - a The distance between the traffic lights on the Kingsway, near Kurnell Rd (E1) to the lights at the intersection of the Kingsway and Elouera Rd (J2).
 - b The distance, as the crow flies, from De La Salle College to Cronulla railway station.
 - c The length of the Mall (H3).
 - d The length of the walking path from Cronulla Pt (M8) to the Baths (L3).

- 5 Kelly got off the train at Cronulla railway station and walked south-east to Laycock Avenue. She walked along Laycock Avenue until she got to the roundabout. She turned half right at the roundabout, then took the first avenue on the left. Her unit is in the next avenue on the left. What is the name of the avenue where Kelly lives?
- 6 Anna lives in McDonald St (J3). Write instructions for her friend to walk from Cronulla station (G7) to her home unit.
- 7 Daniel is trying to drive along Gerrale St (J7) to the Kingsway (J2). Then he is going to turn left into the Kingsway to drive towards the city. There is a traffic jam in Gerrale Street created by cars going to a surf carnival. Describe an alternate route Daniel could take to avoid the traffic.
