

11 PHYSICS ASSESSMENT OUTLINE 2018

Assessment type	Assessment type weighting	Assessment task weighting	When	Assessment task
Science Enquiry	30%	5%	Spring Term Week 7	Investigation - determining "g" using Galileo's pendulum method.
		5%	Summer Term Week 3	Evaluation and analysis – airbags.
		5%	Summer Term Week 8	Investigation - specific heat of an unknown (practical skills test).
		5%	Autumn Term Week 6	Investigation – value of unknown resistor (practical skills test).
		5%	Winter Term Week 3	Experiment - resonance in closed pipes.
		5%	Winter Term Week 8	Evaluation and analysis – fission and fusion.
Tests	30%	5%	Spring Term Week 9	Motion.
		5%	Summer Term Week 6	Forces and Energy.
		5%	Summer Term Week 10	Heating and cooling.
		5%	Autumn Term Week 8	Electricity.
		5%	Winter Term Week 2	Waves.
		5%	Winter Term Week 9	Nuclear energy.
Examination	40%	15%	Autumn Term Week 4-5	Semester 1 Examination.
		25%	Winter Term Week 10	Semester 2 Examination.
Total	100%	100%
