

S1 Exam Year 10 Pathway 1

Topics for Exam

Surds

Operations with Surds

Rationalising denominators

Fractional indices

Negative indices

Logarithms

Logarithm laws

Solving equations

Simple interest

Compound Interest

Quartile and interquartile range

Construct and interpret box plots

Numerically and visually comparing the centre and spread of data sets for box plots

Compare shapes of box plots to corresponding histograms and dot plots to make comparisons and draw conclusions

Scatterplots

Bivariate data

The mean

Line of best fit – eye in through ellipse

Substitution

Simplifying algebraic expressions (product and quotient)

Adding and subtracting algebraic fractions

Multiplying and dividing algebraic fractions

Factorising quadratic expressions (completing the square, identities for perfect squares and the difference of squares)
