

Field of Earth / Magnet

Table - correct sig figs (3SF) - 1 mark (2)
- correct average / calculation - 1 mark.

Graph - correct labels on axes (with units) - 2 marks

- plotting - 1 mark (4)
- line of best fit - 1 mark.

Gradient calculation - uses 2 points from line of best fit. (1)
- calculation correct (1)
- units (1) (6)

- sig. fig. (1)
Calculation of B_E / B_m - (2) or assumptions.

Discussion - good description of at least 1 problem / "error" - (1)
- accuracy calculation (expressed in %) - (2)

Conclusion - statement of field strength (1)
